PROFILE

Full Stack Developer with hands-on experience building scalable, responsive, and production-ready web applications using React, Node.js, Django, and TypeScript. Skilled in performance optimization, clean architecture, and delivering user-focused digital products. Experienced in deploying applications, managing domains, and integrating third-party services.

SKILLS

Languages: HTML, CSS, JavaScript, TypeScript, Python, SQL
Frameworks: React, Next.js, Node.js, Django, Bootstrap
Tools: Git, GitHub, Supabase, MongoDB, VS Code
Other: REST APIs, JWT Authentication, Responsive Design, Deployment, SEO Basics

EXPERIENCE

AI Automation Engineer (Voluntary) – FINZ Africa Limited July 2026 – Present

- Build AI-powered automation workflows.
- Develop AI assistants and integrate AI APIs.
- Automate business processes and third-party integrations.
- Collaborate with the engineering team to prototype and deploy AI-driven solutions.

Full Stack Developer – Self-Employed May 2024 – June 2026

- Designed and developed responsive web applications using React and TypeScript
- Built and maintained backend APIs with Node.js and Django
- Integrated Supabase for backend services and real-time data handling
- Implemented secure authentication using JWT
- Deployed applications and configured domains using modern hosting platforms
- Optimized performance and ensured cross-browser compatibility

PROJECTS

Amtowa Therapy Website (<https://amtowatherapy.com>)
Developed a production-ready website for a speech therapy and educational service featuring responsive design, booking functionality, testimonials, and SEO-friendly structure. Deployed with custom domain and optimized for performance and user engagement.

Noureesh Foods (<http://noureesh-foods.netlify.app>)
Full-stack e-commerce platform built with React, Node.js, and MongoDB featuring authentication, shopping cart, checkout system, and admin dashboard for product management.

DailyCrest Blog (<https://dailycrest.click>)
Modern blog platform with scalable React architecture, SEO optimization, and clean UI design focused on performance and readability.

EDUCATION

B.Eng, Mechatronics Engineering – Bells University of Technology (2025-2030)
